Mr. Larry Goldberg
Regional Sales Director
Neuvokas Corporation

Re: Basalt Fiber Reinforced Polymer (BFRP) Rebar as an Alternative to Steel Reinforcement

Dear Mr. Goldberg,

After review of the product literature provided and recommendations from other Cities across Texas the City of Haslet is approving the limited use of BFRP rebar as an alternate to steel reinforcement in the following applications in the public right-of-way or easements:

- Sidewalks
- Curbs and Gutters
- Driveways
- Channel Slope Protection
- Flumes

And shall be considered an approved equal for the following applications for private development:

- Site Paving Improvements

The use of BFRP rebar in any other type of project will be reviewed on a case-by-case basis by the City Engineer.

Thank you,

Travis N. Attanasio, P.E., CFM City Engineer
